10kva solar power system price in nigeria

What is the cost of solar power installation in Nigeria?

The cost of installing a 10KVA solar power system in Nigeria,which can power a full duplex,is around 3.5million to 4 million Naira. Inverter batteries are the most expensive and costly items for solar power installation in Nigeria. The cost of the batteries determines how long a solar power system can last in Nigeria.

How much does a solar power inverter cost in Nigeria?

A power inverter converts the DC voltage of solar panels to the AC voltage needed by home/office appliances. Inverters found in Nigeria convert DC voltage from a battery to 220V 50Hz AC voltage. A good quality inverter for a solar power system costs around 80,000 naira. Read Also: Solar Energy Companies In Lagos

How much solar power does Nigeria have?

Nigeria is one of the countries located in the Tropics, so it has a daily average sunshine of over 9 hours. This is equal to about 5.5 kW of electricity. What this means is that if solar power is properly harnessed, it can become the mainstay of our electrical power system.

How much is a 10kW solar power system in India?

There are three types of 10kW Solar Power System: In India,you can avail 20% subsidy on 10kW Solar Power System which is given by government. Lets check the 10 Kw Solar Panel Price With Subsidy: You can get 10kW On-Grid /Grid Tie Solar Power System for Rs. 4,80,000/- in India with subsidy.

Are solar panels a problem in Nigeria?

The stability of electrical power from the national grid has always been a problem in Nigeria. As a result, there is a need to seek alternate sources of electrical power. One that is gradually gaining popularity in Nigeria today is solar panels. How much does it cost to install a complete solar system in your home or office in Nigeria?

Why should we use solar power in Nigeria?

Nigeria is blessed with so much sunshine,so why not exploit it. Solar power systems use energy from the sun to save people money and resources. The solar panels are made of silicon which is a resource that grows on trees. Without these panels,our planet will be overpopulated with pollutants that harm us in many ways.

If you are installing a solar power system for the first time, you will need to factor in the cost of mounting the solar panels, installing the inverter, and connecting it to your home or business. Average Price of 10kVA Solar Inverters in Nigeria; The average price of a 10kVA solar inverter in Nigeria ranges from ?1,500,000 to ?2,500,000.
