I have zero power to my leveling jacks control panel. The jacks are already in the stow position and I have sufficient hydraulic fluid. The fuse in the front bay with the rest of the fuses is good. I found a diagram of a power distribution box containing multiple fuses. Does anyone know the location of this box on a 96" Safari Continental.

## 1995 american eagle motorhome power gear leveling system wiring diagram

Check for 12 volt power feeding switch, at connector G, pin 2. No 12 volt power to switch. If there is no 12 volts, check fuse F9. Possible 2 1485 Jacobs Rd.
