

4x4 solar power lights driveway markers

What are solar driveway markers?

Solar driveway markers are subtle lights that stay close to the ground and light up as the daylight fades. They can sense when dusk and dawn arrive each night and will not waste energy during the day. These lights are often more aesthetically pleasing than reflective lights and can add a polished feel to your yard.

Where can I find solar driveway lights landscape lighting?

Find Solar Driveway Lights landscape lighting at Lowe's today. Shop landscape lighting and a variety of lighting & ceiling fans products online at [Lowe's.com](https://www.lowes.com).

How do driveway markers work?

The 2 driveway markers feature solar-powered LEDs that light up your landscaping at night for up to 6-8 hours and the photocell panels automatically turn the lights on and off. The durable white plastic stake enclosures and LED lights provide long-lasting use year after year. Simply plant the stakes into the ground for quick and easy set up.
