

## 5 panel solid wood door

What is a 5 panel interior door?

The 5-panel interior door adds a modern twist to a classic mission style interior door design. Rather than the focus being on vertical panels, this door centers on five horizontal panels that span the length of the door. These panels are divided and framed by wooden stiles and rails.

## 5 panel solid wood door

Solid wood doors are 100-percent natural wood, except for the hardware or accessories. Few solid wood doors are single, unified slabs of wood because wood of that size is nearly impossible to obtain and because solid slabs can warp or crack. Solid wood doors are now built with a frame-and-panel construction.
