Internal PCB with 120 degree hall effect sensors. We can supply different motors, with custom power and KV. If you need the transmission kit (timing belt, timing pulley, chain, etc) or keyway ...

Anyone use Alien Power system ESC's ?..... they look like fighter cat's. There seems to be anything you need from 100amps to 420amps but these things are really big. Prices are very reasonable like \$240.00 for a 300amp marine version. Any input would help since no more Castle units are available.

This is the twin 4.4Kw system by Alien Power System. Kit is made for work with the Alien drive kit 36t-40t. The system includes: 1- Twin 150Amp 2-8S BEC ESC . The ESC can drive 2 brushless motors that can be programmed separately. The controller have just one wire for signal input.
