

Are solar panels worth it in virginia

Are solar panels worth it in Virginia?

Virginia sits below the average for electricity rates but well above the average for consumption, which means Virginia solar panels are a bit more valuable than they are in most other states. Solar panel systems usually pay for themselves by providing you with energy savings that add up to more than the system expense over time.

How much does solar cost in Virginia?

Interested in going solar? You'll need to install a 12.84 kW solar panel system to cover the average electric bill in Virginia, which will cost you about \$25,723 after the federal tax credit. As long as your federal tax bill is high enough, you can take advantage of the federal investment tax credit (ITC).

Do solar panels raise property taxes in Virginia?

Learn more about these incentives and others you can apply for below. Solar panels increase home value by roughly \$15,000, which can significantly raise your property taxes. However, Virginia allows any county, city, or town to waive (or partially waive) local property taxes for residential solar energy equipment.

Is Virginia a good state to install solar panels?

That paired with an above average number of sunny days, makes Virginia one of the best states to install solar panels. With ongoing federal, state and local incentives for homeowners who install solar panels, it's possible to reduce the overall expense.

Is solar a good investment in Virginia?

Virginia ranks 9th in the country for solar installations, but many homeowners in the area question the value of solar because electricity rates are below the national average and solar equipment is more pricy in Virginia than in most states.

Are solar panels tax deductible in Virginia?

All Virginia homeowners can qualify for the federal solar investment tax credit (ITC). This federal incentive program provides a deduction on your federal taxes equal to 30% of your solar panel installation costs. You apply for this credit during tax time to reduce or eliminate your owed federal taxes.
