With the Arlo Solar Panel connected to the camera and receiving average sun exposure, your camera battery stays charged, so you don't need to worry about recharging it. The solar panel is a great low-maintenance solution for outdoor camera installations in hard-to-reach areas. Although the Arlo Solar Panel is designed to keep your Arlo camera's battery fully ...

I mounted the solar panel on this side of my house, hooked it up to the camera, and recorded the performance throughout over time. You can see all that in the video. I'm happy to say that after testing it, the Arlo Solar Panel took on enough sun, even on this shady side of the house, to keep the camera topped off.

Reliable, solar-powered video monitoring with Arlo. Arlo offers a variety of solar panels for our outdoor cameras compatible with smart home devices. Remember: the Arlo Pro 4 Camera requires a different solar power charger model than the ...
