

Aura energy solar light

Who is Aura Energy?

Join us today to make Aura Energy your business and transform the lives of people by empowering them through our solar solutions. We are a leading manufacturer of advanced electronic products for the solar lighting, hybrid lighting, and electric vehicle charging industries.

What is a solar street lighting system?

Aura Energy's range of Solar Street Lighting Systems use high-efficient LEDs to provide lighting anywhere with direct access to sunlight. Our systems offer integrated battery bank (Internal LiFeP04 battery) and high efficient Monocrystalline solar panels in one compact offering. Our systems can also be configured for customized applications.

What are the different types of solar lighting products?

Our range of solar lighting products include street lights, pathway lights and other outdoor lighting fixtures that are designed to provide efficient and reliable lighting using solar energy.

What are the benefits of solar lights?

Basically, the benefits of solar lighting are numerous. These lights are great because they are... Environmentally friendly: Using solar lights plays a major role in reducing the global carbon footprint that is a problem nowadays--created from non-renewable energy sources.

Are solar-powered porch lights a good idea?

A solar-powered porch light can come in many shapes and forms. Aside from modern solar lights, these cheap solar lights can come in a vintage form. You can illuminate your porch using solar power and save energy and cost. Affordable and reliable, these porch lights are an inexpensive way to provide bright illumination.

How do solar lights work?

These lights collect solar energy and transform it into lighting--through a technology called the photovoltaic effect which is used in a solar panel. This effect collects solar energy throughout the day and stores it in a rechargeable gel-cell battery that can be used later in the evening when there is no sunlight.

The AIHSL33100130MP Hybrid All In One Solar Street Light works with 110V/220V AC input alongside a 40W Monocrystalline Battery Bank. Both power sources charge a LiFeP04 battery bank guaranteeing continuous light output during cloudy days or during power cuts. The SmartSwitch technology automatically decides between Grid Power and Solar Power to ...

Helios Lite is a Solar Home Lighting system designed for indoor use. The LITE is designed to provide lighting for up to two rooms at once for up to 5 hours per charge. The system also features a mobile phone charging port that can charge up to two mobile phones at once.

Aura energy solar light

The ISL33100120MP Integrated Solar Street Light comes equipped with an inbuilt Lithium Phosphate battery pack. System comes along with a 40W Solar Panel that is external and adjustable independent of Luminary allowing for flexible orientation for optimum solar charging.

Explore Aura Clean Energy's range of smart sustainable lighting solutions, including solar and LED street lights. Our innovative, energy-efficient lighting options are designed for reliability and environmental sustainability.

A major global developer of renewable energy projects, Aura Power has been leading the way in energy since 2013. What We Do. Solar Battery Storage Green Hydrogen Working with Communities. Projects. About. ... Solar is now the cheapest form of electricity in history. Along with suitable methods of energy storage such as batteries, we can help ...

From affordable home lighting systems for rural homes to solar hybrid inverters to power industries, Aura Energy has a product for every consumer at every price point. Our integrated platform, leveraging our expertise from products and services, offers customers efficient, reliable end-to-end solutions for their solar needs.

Solar Street Light 9W India - All In One Solar LED Street Lighting System comes with inbuilt Lithium Ion/Lithium Ferro Phosphate battery pack, a 1150 lumen output and a 30W Solar Panel. System comes along with a mounting bracket compatible with most standard poles allowing for easier installation.

An overview of recent projects executed by Aura Energy across different product ranges and solutions. Each project description contains a brief overview of the system installed across the world. ... Hybrid Solar Street Lights; Semi Integrated Solar Street Lights; All In One Solar Street Lights; Products. 9 Watt Solar Street Light; 15 Watt Solar ...

Aura Energy's range of Solar Rural Products provides lighting and basic energy needs for thousands of users at a fraction of the cost of grid electricity. Our rural products are sold under the brand name of Helios. Contact us to find a dealer closest to you ... Helios Max is a Solar Home Lighting system designed for indoor use. The Genie Plus ...

Welcome to Aura Energy, where innovation and sustainability meet. We are a leading manufacturer of advanced electronic products for the solar lighting, hybrid lighting, and electric vehicle charging industries. ... pathway lights and other outdoor lighting fixtures that are designed to provide efficient and reliable lighting using solar energy ...

SAISL33100115ML/MP Smart All In One Solar Street Light - 15W 2000 Lumens. The SAISL33100115ML/MP system features a 2 Megapixel CCTV camera that allows up to 15 days of stored videos in an inbuilt 32GB or 64GB SD card. The system allows for easy access through wifi with a range of

Aura energy solar light

up to 15 meters. The system draws its power from a 60W Mono Solar ...

Explore Aura Clean Energy's range of smart sustainable lighting solutions, including solar and LED street lights. Our innovative, energy-efficient lighting options are designed for reliability and environmental sustainability. Enhance your outdoor spaces with our eco-friendly lights and contribute to a greener future.

Welcome to Aura Solar Ventures, where our mission is to harness the power of the sun to create a sustainable future. ... Solar street lights are self-sufficient lighting systems powered by solar energy, ideal for streets, pathways, and public areas. Photovoltaic panels capture sunlight during the day, storing it in batteries for nighttime use ...

AISL33100150ML/MP All In One Solar Street Light 50W - 7000 Lumens. The AISL33100150ML/MP system comes with inbuilt Lithium Ion/Lithium Ferro Phosphate battery pack, a 7000 lumen output and a 70W Solar Panel. System comes along with a mounting bracket compatible with most standard poles allowing for easier installation.

Learn about Aura Clean Energy, an Australian leader in renewable energy solutions. Discover our commitment to sustainability, innovative Hybrid Energy Storage Systems, solar lighting, and carbon abatement. Explore how our Australian-owned company, established in 2015, provides eco-friendly power solutions tailored to meet diverse needs. Join us in creating a greener future.

High-quality process, integrated design and exquisite appearance; modular design, easy for installation and maintenance; patented integrated power module design, simple and convenient installation and replacement; fixed by portable hinge screws manually without tools; design of bat airfoil light distribution, providing even light distribution.

The ISL33100115MP Integrated Solar Street Light comes equipped with an inbuilt Lithium Phosphate battery pack. System comes along with a 30W Solar Panel that is external and adjustable independent of Luminary allowing for flexible orientation for optimum solar charging. LUMINARY: 15W: LUMENS: 2100: SOLAR PANEL: 30W: BATTERY PACK:

Join the solar movement and bring the benefits of renewable energy to your customers with our top-quality solar street lights. Our solar street lights are easy to install and require minimal maintenance, making them a hassle-free and cost-effective choice for your business. Our dealer network for solar street lights is dedicated to providing ...
