

Award winning solar company

Who is the best solar company?

Our top choice for the best overall solar company is Tesla. Blue Raven Solar places second with great customer satisfaction rates. Installing solar panels from a top-rated company can come with high upfront costs. The initial price can range between \$8,000 and \$35,000.

Which solar company has the best customer satisfaction?

Our pick for best customer satisfaction is Blue Raven Solar. The company scored 4.3 stars out of 5, has an A+ rating through the BBB and has high customer reviews. Blue Raven Solar started in 2015 and now has more than 3,000 team members working to provide top solar services. Mobile App? Free Energy Consultation?

Who is a good solar installer?

If you're looking for an installer with decades of experience in the solar industry, Trinity Solar is a solid option. This installer has almost 30 years of experience under its belt and has grown into one of the largest solar companies in the US.

Is Palmetto solar a good company?

Palmetto Solar is our pick for the best solar equipment. The company scores a solid 4.2 out of 5 stars from our independent research and has an A+BBB rating. Palmetto Solar was founded in 2010 and currently offers solar panel installations in 27 states when counting both Lightreach and Palmetto installation. Mobile App? Free Energy Consultation?

What are the best solar warranties?

Green Home Systems is our top pick for the best solar warranties. The company was founded in 2017 and continues to expand to more states as it gains momentum and builds up its reputation. Green Home Systems earned 4.0 stars out of five from our analysis.

What financing options do solar installers offer?

Most solar installers offer financing options to lower the initial cost of solar. If you don't have the capital to purchase your system outright, you can take out a solar loan. Personal loans, home equity loans and FHA 203(k) loans are among some of the financing options residents can choose.
