

# Bankrupt solar panel companies

Can a bankrupt solar company buy a solar panel?

Short answer: Yes. Why: If you financed your solar panels through your now-bankrupt solar company, another company will likely purchase the loan and you will still need to make the payments. Failing to make payments on the loan can have some serious consequences on your credit scores, result in fees and more.

What happens if a solar company goes bankrupt?

If the company goes bankrupt, other companies could take over management of owners' systems. But in some cases in which solar companies have gone bankrupt, consumers are still waiting, sometimes with broken systems, to find out what comes next. SunPower, of the nation's biggest solar installers, is no longer selling leases.

Will SunPower's bankruptcy affect the residential solar market?

Roth, of MKM, sees SunPower's struggles as a potential positive for other big solar companies like SunRun and Sunnova. But there's also a chance that SunPower's troubles could further shake the residential solar market. If it falls into bankruptcy, its financials will be closely examined.

Can a solar company survive a Chapter 11 bankruptcy?

Not all companies survive Chapter 11 bankruptcies, though. Action you can take now: If your solar company files bankruptcy or another company acquires it, you should receive a letter in the mail telling you about the situation and if it will affect your contract.

Will there be more solar bankruptcies this year?

Analysts are predicting even more solar bankruptcies this year as high interest rates and changing policies about how much people can get compensated for their solar power dampen consumer enthusiasm. Wood Mackenzie says that residential installations will shrink by about 14% this year. Read more: [The Solar Power Industry Is in Trouble](#)

Can a solar installer call a manufacturer if a company goes bankrupt?

So as long as the solar installer and manufacturer aren't the same company, you should still be able to call the manufacturer for warrantied service on the panels. If your installer is also the manufacturer of the solar panels, bankruptcy could affect your manufacturer warranty.

On August 5th, 2024, SunPower Corporation announced it had filed a Chapter 11 bankruptcy petition in the District Court of Delaware, which included nine of its affiliates.
