

Best backup power charger

What is the best portable charger?

Anker's well known for its lineup of power solutions, so it comes at no surprise that the Anker Prime 20,000 mAh power bank tops our list of best portable chargers. With its generous battery capacity, it's more than capable of charging small stuff like your phones and wearables -- but it's also powerful enough to charge laptops too.

What are the best wireless portable chargers & power banks?

For Qi-compatible devices, we also have a separate guide to the best wireless portable chargers and power banks. The best replacement for your original charger is the Nekteck 60W USB-C GaN Charger. It's cheaper and smaller but just as powerful and reliable.

What is the best wall charger?

Infinacore Pandora Portable Power Global Wireless Charger for \$40: This was our pick for the best wall charger power bank, but the Raycon that replaced it packs more power and charges faster.

Should you use a power bank or a portable charger?

Power banks and portable chargers have become an essential addition to your gadget arsenal -- keeping smartphones, tablets, wireless earbuds and even laptops topped up in those clutch moments where you're away from plug outlets.

What is a 5000 mAh portable charger?

Small 5,000 mAh chargers are typically suitable for two full smartphone charges, whereas a 20,000 mAh portable charger can charge devices with larger batteries, like laptops, several times over. In addition, portable chargers come in different sizes and weights. Pocket-sized portable chargers are easy to carry but generally have a single USB port.

What is the best solar charger for a backpack?

The Omni 20 is an easy-to-use portable charger with easy-to-read LED display, Qi wireless charging, and Qualcomm 3.0-compatible quick charge port. The BigBlue 14W SunPower is a compact and lightweight solar charger--5.8 x 6.02 x 2.12 inches when folded and weighing only 0.8 lbs--that won't occupy much space inside your backpack.

Is your phone, tablet, or laptop typically in the battery red zone before the day's end? These portable chargers and power banks give you the most boost when you're out of juice.
