

Best generac generator for home

Which Generac home generator should I buy?

If you're looking for a well-equipped generator for your most commonly used appliances and conveniences, the Generac Guardian 24kW Home Generator is a great option. It offers the most power of all residential air-cooled generators and can be remotely monitored using Generac's Mobile Link Monitoring System.

Which home generator should I buy?

We researched the options and spoke with several experts to select the best home generators you can buy, including our best overall choice, the Briggs and Stratton PowerProtect 26kW Home Standby Generator, chosen for its versatility, power, and reliability.

Is a Generac Powerpact a good generator?

The Generac PowerPact is a basic but well-equipped home generator and an excellent budget buy. Designed to serve as a backup generator for the most essential appliances, this model includes an automatic transfer switch that can cover up to eight circuits.

What is the best portable generator?

To help you find the best option for you, we looked at over 100 portable generator models and analyzed hundreds of customer and professional reviews. For most homeowners, our top pick is the Westinghouse Outdoor Power Equipment model, which provides a heavy-duty design with a high wattage level and the ability to charge multiple devices at once.

How quiet is the Generac Guardian backup generator?

The Generac Guardian Backup Generator is always ready to supply power to the most important systems of your home by conducting a weekly self-test lasting about five or twelve minutes. This model is fuel-efficient and operates quietly, with the five-minute test cycle producing only 57 decibels of noise.

How much noise does a Generac generator make?

Generac also equipped this unit with a Quiet-Test weekly self-test mode that operates at just 57 decibels. During regular operation, the generator is rated for 67 decibels, which is average operating noise but impressive for a generator of this power capacity. This model doesn't include a transfer switch, so you'll need to purchase that separately.
