

Boviet solar technology company limited

Who is boviet solar?

Boviet solar is a leading solar energy technology company founded in 2013 in Vietnam. We specialize in manufacturing advanced monocrystalline PERC and TOPCon solar cells, as well as Gamma Series(TM) monofacial and Vega Series(TM) bifacial solar modules for residential, commercial, industrial, and utility-scale solar applications.

What is boviet solar's solar module manufacturing facility?

The PV module manufacturing facility will produce Boviet Solar's TOPCon N-Type cell, technology-based Monofacial and Bifacial PV modules for residential, commercial, industrial, and utility-scale U.S. clients. Phase one of the project will utilize the existing building to manufacture solar modules.

Is boviet solar a Tier 1 PV module manufacturer?

Boviet Solar is proud to be recognized as Tier 1 PV module manufacturer by Bloomberg New Energy Finance. Boviet Solar's PV modules consistently achieve Top Performer status on the PV Module Reliability Scorecard by PVEL Kiwa. Boviet Solar's manufacturing facilities have undergone rigorous assessment and successful verification by Black and Veatch.

Is boviet solar a good brand?

Boviet Solar's PV Modules are known for their power, performance, and quality and have been rated as top performers on PVEL's PV Module Reliability Scorecard since 2019. Black & Veatch successfully completed an independent audit of Boviet Solar's manufacturing facilities in 2022.

Why should you choose boviet solar?

We deliver solar modules engineered with advanced solar cell technology and smart design features, ensuring exceptional quality, reliability, and efficiency. Boviet solar is a leading solar energy technology company founded in 2013 in Vietnam.

Will boviet solar create jobs?

It's expected to create approximately 908 skilled local jobs and generate positive economic impact for the area once facilities are fully ramped up. This will be Boviet Solar's first United States manufacturing facility and the second globally, following its successful track record of PV cell and module production in Vietnam.
