

Buy solar inverters online

Which solar inverter should I buy?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2024.

Where can I find a solar inverter?

Browse solar inverters from top manufacturers on the EnergySage Buyer's Guide. To learn about other solar energy system components, visit EnergySage's solar panel and solar battery buyer's guides. Solar inverters are an essential component in any residential, commercial, or utility-scale solar energy system.

What is a solar inverter?

A solar inverter is an electrical device that converts direct current (DC) electricity produced by solar panels into a sinusoidal alternating current (AC) of 220V, which is suitable for most electrical appliances. The market today offers a vast assortment of inverters for solar systems.

Does a solar inverter save energy?

Not all the electricity generated from your solar panels makes it to your appliances. Solar panels capture direct current (DC) electricity, and inverters convert that to alternating current (AC) electricity for your home. Some thermal energy is lost in conversion, but an efficient inverter loses less energy.

Do solar inverters work with my system?

Your solar installer will offer a selection of inverters that work with your system. Some providers may have their own in-house inverters for their systems. Solar inverters are essential to both panel function and system performance. Your inverter choice impacts your energy production, system efficiency, and monitoring capabilities.

Are solar inverters expensive?

They're good at dealing with shade (like power optimizers), and have the additional advantage of making your solar system easy to expand. They are, however, the most expensive type of inverter. Learn more: Inverter types compared The solar inverter you choose will need to be compatible with the solar system type you are installing:
