Eaton Cooper Power Systems. La división Cooper Power Series de Eaton ofrece una gama de soluciones de suministro de energía, automatización y control, medición y respuesta a la demanda con sus productos para aumentar la eficiencia y ...

Eaton leads the industry in the application of single-phase voltage regulators into substations regulating loads up to 60 MVA. With features such as fan cooling and insulating fluid filtration, substation voltage regulators provide a viable option superior to the use of On-Load Tap-Changers (OLTC) with the added flexibility of regulation separate from the power transformer.
