Re: Meguiar's Quik Tips Video Series - The DA Power System I ordered the DA power system along with additional pads as I already had UC and UP in my collection, its first use was on a 5 year old 2007 Nissan Sentra, paint had minor defects and had never been waxed just general automatic car washes, therefore there were typical cobb web scratches and such all ...

DA System uses dual action - so it will not harm your paint. ... Meguiar's DA Power System brings the same power to your garage by turning your drill into a professional grade Dual Action Polisher. By letting your drill do the work, you can now wax your car in 30 minutes with better results than hand or orbital applications.

The new Meguiar's DA Power System attaches to any corded household power drill with RPM of 1200-3500 and turns it in to a professional dual action polisher. The DA uses dual action which helps in protecting your paint work and avoid scorch marks. The DA can be used to remove oxidization, swirl marks, scratches and water spots to leave your paintwork protected and ...

Meguiar's®; DAPower System Tool brings that same power to your garage by turning your drill\* into a professional grade, dual action polisher. By letting your drill do the work, you can now wax your car in 30 minutes with better results than hand or orbital applications. \*Recommend for use with all 3/8 in corded drills that operate between 1,200 ...

Con el DA POWER SYSTEM, el esfuerzo de encerado o pulido, se reduce a menos de la mitad. B&#225;sicamente se obtiene mejor brillo en menos tiempo. El accesorio DA Power System puede ser montado en cualquier taladro ...

In fact, the DA Power System makes use of our current line of 4" Soft Buff pads. Drill recommendations are for a corded drill with max speed in the 1500 to 2500 rpm range. The gear reduction ratio in the tool prevents it from spinning at equally high speeds for safety reasons. ... Check out our Quik Tips Video on this system. Michael Stoops ...
