Re: Difference between Meguiar's DA Power System Pads The density and foam structure on the three pads are definitely different from one another, they aren't just different colors. In fact, they are the same as our "Soft Buff 2.0 foam pads used on the G110v2 and other DA buffers, only smaller in size.

Meguiar's Dual Action Power System Tool: Get Professional Results Compounding, Polishing, and Waxing - Attaches to a Standard Drill - Easy to Use Car Polishing Tool 2,444. \$59.67 \$ 59. 67. ... DA Power System Tool ...

Meguiar's DA Power System brings the same power to your garage by turning your drill into a professional grade Dual Action Polisher. By letting your drill do the work, you can now wax your car in 30 minutes with better results than hand or orbital applications.

Consider the DA Power System, which bridges the gap between traditional machine and hand polishing methods with a compact, easy-to-use, dual-action buffer that attaches to virtually any 3/8" or 1/2" 1,800-2,500rpm drill. Use it with DA Power Polishing or Finishing Pads to safely polish and wax gelcoat or painted surfaces. Features include cast ...

The backing plate is not interchangeable, but the pads are. In fact, the DA Power System makes use of our current line of "Soft Buff pads. Drill recommendations are for a corded drill with max speed in the 1500 to 2500 rpm range. The gear reduction ratio in the tool prevents it from spinning at equally high speeds for safety reasons.

The new Meguiar's DA Power System attaches to any corded household power drill with RPM of 1200-3500 and turns it in to a professional dual action polisher. The DA uses dual action which helps in protecting your paint work and avoid scorch marks. The DA can be used to remove oxidization, swirl marks, scratches and water spots to leave your paintwork protected and ...

Des timi, charaktiristika & pragmatikes kritikes christon gia to proion Meguiar's DA Power System (G3500INT). Agorase eykola meso Skroutz!

Highlights of DA Power System This tool is extremely easy to use. The whole set up process takes no longer than 2-3 minutes. As it is not a full replacement of traditional dual action polishers, it delivers very similar results, with polishing and waxing performance being almost identical to other machines.
