Dakota Lithium batteries are known to be reliable and long-lasting. However, some users have reported issues with the battery not holding a charge. This could be due to a faulty charger or a problem with the battery itself. If you experience any issues with your Dakota Lithium battery, contact their customer service team for assistance.

Dakota lithium customer service

I'm all about buy once cry once when it comes to this purchase. I've heard that Dakota has pretty good customer service and a decent warranty. What are people's experiences with them? Any ...

Three months ago it went dead - I tested charger, battery and did a factory reset all indications the battery was dead. Dakota Lithium absolutely has terrible telephone service. No return calls! Finally emailed Dakota Lithium's customer service and explained the tests I did including photos- but they had me do same tests I already did!
