Congratulations on the purchase of your Delta RPI -M8/ M10/ M12/ M15/ M15A/ M20/ M20A/ M30 grid-tied solar inverter. This manual will assist you in becoming familiar with this product. Please observe all safety regulations and take into account technical connection conditions required at your local grid utility.

This manual applies to the following inverter models: RPI M15A RPI M20A with model numbers: RPI153FA0E0200, RPI203FA0E0200 and with firmware versions: DSP: 2.24 / RED: 1.60 / COMM: 2.39 The Delta model number is located on the type plate of the inverter. The firmware versions are listed on the display in the Inverter Information menu.

The document describes the Delta RPI-M20A grid-tied solar inverter. It has several key features, including a peak efficiency of up to 98.4%, dual MPP trackers, reactive power control, an IP65 protection level, and a compact size. ...

operating, maintaining, and troubleshooting the below solar inverters: RPI-M15A/ RPI-M20A. 1.2. Product Description This device is a 3-phase grid-tied solar inverter which does not support off ...

The solar inverter has a high leakage current value. The ground wire must be connected before commissioning. Do not remove any warning signs that the manufacturer has installed on the solar inverter. Improper handling of the solar inverter may result in ...

RPI M20A High efficiency 3-phase solar inverters for the European market - Perfect choice for large-scale solar PV systems, such as those used in the commercial or agricultural sectors. Versatile applications

## Delta rpi m20a solar inverter

Aluminium housing ensures long lasting protection against moisture and corrosion Wide input voltage range

Delta RPI-M20A With Delta's cutting-edge technology, the commercial series Solar Inverters are with efficiencies as high as 98.4%. These inverters are compact in size with durable quality to ensure smooth PV system operation. IP65 enclosure provides higher level of protection and enhances its durability in a harsh outdoor environment.

Outstanding compact size of Delta RPI-M15A/20A 3 phase PV inverters gives high flexibility to different applications in rooftop or ground solar systems. It is designed in string ...

Delta RPI M20A In Stock Model name: M20A Part number Delta: RPI203FA0E0200 Maximum profitability and versatility The M20A solar inverter features a 20 kVA power output. This new three-phase transformerless solar inverter is designed for commercial PV applications where maximum versatility and profitability are importan

Delta RPI - Commercial series of transformerless PV inverter converts the sunlight energy generated by solar panels into grid-compatible current. Delta's industrial cutting-edge technology presents the industrial leading efficiency as high as 98.5% with the most compact size design and durable quality PV inverter to ensure your PV system ...
