If you are referring to watch or hear aid batteries, they can be tossed. If you are referring to something you put in a power tool or electronic device, I would take them to Lowes or Home Depot as the previous poster indicated.

This way you can kill two birds with one stone. However, it is usually just bigger stores that will accept old batteries. The Home Depot battery recycling and Lowes battery recycling programs are good examples of this. Partnered with a nonprofit battery recycling program, these retailers will gladly take old batteries off your hands.
