

Elite solar systems inc

Where is Elite solar based?

As of August 2023, EliTe Solar owns and operates 3.5 GW of cell/module manufacturing capacity in Vietnam and Cambodia. Additionally, we are in the process of constructing 5 GW of ingot/wafer manufacturing capacity, which will be co-located with our cell manufacturing facility in Vietnam.

Is elite a good company to install solar panels?

Dear Gabriel, thank you so much for your excellent review which has been passed on to our team. We are so happy to hear that you were pleased with Alida's services! Elite is an excellent choice of company for installing solar panels. At survey stage, they are rather blue sky in their options. They are equally optimistic in timing of the project.
