What is the iShares energy storage & materials ETF?

The iShares Energy Storage & Materials ETF (the "Fund") seeks to track the investment results of an index composed of U.S. and non-U.S. companies involved in energy storage solutions aiming to support the transition to a low-carbon economy, including hydrogen, fuel cells and batteries.

What is the energy storage solutions sector?

Companies in the energy storage solutions sector, including, but not limited to, battery, fuel cell, and hydrogen companies, may depend largely on the availability of hydrogen gas, certain third-party key suppliers for components in their products, and a small number of customers for a significant portion of their business.

Are energy storage solutions still private?

The best energy storage solutions are still private- won't have IPO for several years - which will then make current energy storage tech stranded assets...;) @Moats and Income Plenty of cash both in private and public markets. I see potential public winners also.

What is energy storage & why is it important?

Energy storage is the facilitator of renewable growth worldwide, playing a crucial role in the UK reaching its net zero target by 2050. Gore Street Capital Limited is an entity authorised and regulated by the Financial Conduct Authority, to act as the Alternative Investment Fund Manager ("AIFM") to the Gore Street Energy Storage Fund PLC.

Is energy storage a good investment?

Energy storage is an attractive emerging high-growth sector. It's still wide open with many upcoming companies. The market has seen more pure energy storage players coming online with different technologies. These are often high-risk, high-reward investments. ESS (energy storage solutions) offers a compelling new segment in renewable energy.

What are the future opportunities for energy storage?

Energy storage is a fast-emerging sector. Pumped hydro is the most used solution for now. Batteries are the next step to support renewable energy. Lithium technologies lead the way, but many upcoming technologies have different benefits. I provide an overview of possible opportunities.
