

Energy storage product warranty period

How long is the warranty on the power supplies?

These products come with a 10 Year Product Warranty and a 25 Year Linear Power Warranty. TSM-PE15H 340-355W products have a silver frame and are EU-28 WEEE compliant. The recyclable packaging is also a part of this offer.

What is the warranty period of the product?

WARRANTY The manufacturer guarantees the compliance of this product with the technical specifications specified in this document. The warranty period is 12 months from the date of sale. During this period, the manufacturer provides a free warranty service. The warranty does not apply to the following cases:

How does EnergySage score a battery warranty?

To help simplify the process for you, EnergySage has developed a scoring system that focuses on essential factors like product and power warranty terms, labor, shipping, and inverter coverage, and how easy it is to transfer ownership. Let's dive into some of the most popular battery brands on EnergySage and see which offers the best warranties.

Does a battery storage system need a warranty?

A battery storage system is a decades-long investment that a warranty can help protect. The less power your system stores, the more your home may need to draw from the utility company, which eats into your savings. A good warranty ensures that if your battery experiences a problem, that it will be replaced and your investment will be protected.

Which battery storage system has the strongest warranty?

Comparisons should focus on product warranty terms, end of warranty capacity, labor warranty terms, and transferability. Based on our ranking system, SolaX Power has the strongest overall warranty. Why are battery warranties important? A battery storage system is a decades-long investment that a warranty can help protect.

Does a warranty cover reinstalling equipment?

While the warranty may cover replacement products or parts, that doesn't necessarily mean the manufacturer will cover the labor and shipping costs required to reinstall that equipment. Most manufacturers do not reimburse for the labor associated with replacements or repairs of their products.
