

# Energy storage summit

What is the Energy Storage Summit?

Our Summit aims to highlight the fundamental role that energy storage will play in this journey, and will strive to recognise, explore and analyse key challenges that may present themselves on the trajectory ahead.

When is the energy storage Grand Challenge summit 2024?

August 7 - 9, 2024 Register today! Join the energy storage community for the Department of Energy's (DOE) 4th Annual Energy Storage Grand Challenge Summit as we explore pathways to grid-scale energy storage that can meet the needs of our nation now and in the future.

Where is the Energy Storage Summit USA 2025?

In 2024, the city was recognized as the largest local government user of green power in the nation and, as regional energy demand continues to soar, Dallas is the ideal location to launch the Energy Storage Summit USA 2025. Join us for opening comments from Commissioner Lori Cobos of the Texas Public Utilities Commission.

Can I present a case study at the Energy Storage Summit USA?

If you would like to present a case study or be part of a panel session at our Energy Storage Summit USA, then please get in touch with the team today. In a move to Dallas, an industrial hub of Texas and a key center for oil and gas, it's crucial to engage in future-shaping conversations on energy adoption.

Is energy storage a necessity?

Planned and currently operational U.S. utility-scale battery capacity totaled over 16 GW at the end of 2023, with another 15 GW in 2024 and around 9 GW now expected in 2025. Energy storage is no longer an aside or a luxury; it is a necessity if we want to reach our global net-zero goals and stay on track.

The Energy Storage Grand Challenge Summit on Aug. 7-9, 2024 brings together industry leaders, researchers, policymakers, and innovators from around the nation to tackle the greatest challenges and explore advancements and opportunities in energy storage.

The Energy Storage Global Conference (ESGC) is back! The conference's fifth edition will be held on 11 - 13 October 2022 and is organised by EASE - The European Association for Storage of Energy, with the support of the European Commission's Joint Research Centre, as a 100% hybrid event at Hotel Le Plaza in Brussels, as well as online.

The Energy Storage Grand Challenge Summit on Aug. 7-9, 2024 brings together industry leaders, researchers, policymakers, and innovators from around the nation to tackle the greatest ...

Consultants and key industry stakeholders from across the entire Energy Storage eco-system. If you want to network with the below, then ...

The Energy Storage Summit USA will return for the 7th year to a bigger and better venue, which will make space for new and diverse pieces of content across the two days. We are keen to collaborate with speakers from all walks of life, ...

Summit Organizers. Keynote Speakers. Jennifer Granholm. Secretary of Energy for the U.S. Department of Energy. Kayla Barron. ... & Co-Lead of the DOE Energy Storage Grand Challenge and Long Duration Storage Earthshot. Lady ...

The National Energy Storage Summit Virtual Pitchfest offers all conference attendees a unique opportunity to share their innovative ideas with an audience of researchers, and others from across industry, government, regulators and policy-makers, and the news media.

This two day virtual public summit will convene and connect national and regional thought leaders across industry, government, communities, and the research enterprise to catalyze solutions and partnerships around specific challenges to America's energy storage future. The schedule for Day 1 and Day 2 is 9:00 am-2:00 pm PT/12:00 pm-5:00 pm ET Day ...

In this rapidly evolving landscape, Energy Storage Summit Asia is your guide to this burgeoning market. Now in its second year, the Summit gathers independent generators, policymakers, banks, funds, offtakers, and cutting-edge technology providers and clarifies what successful energy storage procurement and deployment strategies look like.

Energy Storage Summit Asia 2023 gave clarity on this nascent, yet quickly growing market, which is expected to grow to \$3.16 billion by 2026. This event brought together a community of credible independent generators, policymakers, banks, funds, off-takers and technology providers to give you clarity on:

The Energy Storage Summit Latin America just took place in Santiago, gathering over 250 industry experts to address the latest challenges, trends, and opportunities in energy storage across the region. As the largest emerging energy storage market in the Americas, with 1.3GW of operational projects and 6.4GW in development, Chile provided an ideal setting.

If you would like to Nominate a Female Speaker for Energy Storage Summit USA 2025, please fill in this form. Enquire About Speaking in 2025. 2025 Speakers. Commissioner Lori Cobos. Commissioner. Public Utility Commission of Texas. Taylor Quarles. Executive Vice ...

WASHINGTON DC, January 22, 2024 -- The American Clean Power Association (ACP) today announced the official launch of its new annual Energy Storage Summit -- ACP RECHARGE. The summit will connect the nation's leading storage manufacturers, renewable developers, policy makers, and thought leaders for
