Erus Energy installed our solar system and I am surprised they have 1 star on Yelp. At least for us, we've had a positive experience and wanted to thank them by leaving a positive review on popular directories. Our system has been performing amazing and their customer support is really attentive. Happy to recommend.

Case Study: NEM 3 in California: California's Net Energy Metering (NEM) 3 policy is a prime example of policy impact. This policy revision reduced the net metering rates paid to solar consumers, extending the payback period of solar investments. Effect on Consumer Decisions: The reduced financial attractiveness of solar investments under NEM 3 made consumers ...

PS, make sure you are clear on all components and the functionality, I am still working to sort out solar panel function in a power outage. Also, you may need to follow up to ensure any conduit installed is painted to match the house.
