

Galaxy securities energy storage research report

The foregoing does not constitute a "research report" as defined by FINRA Rule 2241 or a "debt research report" as defined by FINRA Rule 2242 and was not prepared by Galaxy Digital Partners LLC.

Miners can secure lower energy prices and energy providers can have a guaranteed off-taker of energy to monetize excess energy. Since the energy industry, like Bitcoin mining, requires heavy upfront capital expenditure, the ability to streamline cashflow through mining can help secure much needed external funding.

The Securities & Exchange Commission filed a notice in the U.S. District Court of the Southern District of New York Wednesday that it ... The foregoing does not constitute a "research report" as defined by FINRA Rule 2241 or a "debt research report" as defined by FINRA Rule 2242 and was not prepared by Galaxy Digital Partners LLC ...
