Does Goldwind have a new contract in Brazil?

Chinese wind turbine maker Goldwind has signed a new contract in Brazil, which expands the company's local presence and signals the eastern appetite for more business in Latin America's largest wind energy market.

Will Goldwind make a wind turbine in Bahia?

In Bahia, Goldwind plans to fabricate equipment with capacities ranging from 6.2 MW to 8.3 MW. Currently, the wind turbines made in Brazil have a maximum capacity of a little over 6 MW, the state government noted. It is expected that Goldwind's local unit will hold a 25% to 30% share of the Brazilian wind turbine market.

Will Goldwind be able to export equipment to other countries?

The plant, whose location is not yet defined, will serve the Brazilian market, but may also export equipment to other countries in South America, according to Roberto Veiga, general manager of Goldwind in Brazil.

Where are Goldwind's new offshore wind turbines located?

Taking inspiration from Goldwind's world-record-breaking GWH252-16MW offshore wind turbine - installed in Pingtan, Fujian Province in June 2023 - the new offshore turbines continue the company's high-reliability, high-performance and made-in-China 'DNA'.

Goldwind, como una de las primeras empresas de energí­a e­lica en globalizarse, ahora ve sus operaciones comerciales en 38 pa­ses en seis continentes. En los ­ltimos tres a­os, la capacidad de energí­a e­lica reci­n instalada de Goldwind se ha clasificado constantemente entre las tres primeras a nivel mundial, seg­n BloombergNEF.

MUNICH, June 21, 2024 /PRNewswire/ -- From June 19th to 21st, Goldwind Carbon Neutral, a wholly-owned subsidiary of Goldwind Science & Technology Co., Ltd., the world's largest wind turbine manufacturer, participated in The smarter E Europe 2024 (TSEE) in Munich, Germany.
