

# Grid down redoubt

What is Grid Down Redoubt?

Grid Down Redoubt is an all in one home battery system that includes EMP Shield, the most trusted name in EMP protection. It allows you to sell power back to the grid and use it to power the home off the grid if the power goes out.

Should you buy a grid down redoubt?

Purchasing a Grid Down Redoubt is a strategic investment that can bring significant financial rewards and peace of mind. Grid Down systems provide the security of knowing you'll always have power when you need it, in any situation. These are estimates based on the national averages.

What is included in a Redoubt System?

Each Redoubt System comes complete with Custom Lion Energy Sanctuary Energy Storage System and EMP Shield surge protection which has been through military certified testing to protect against all phases of a high altitude electromagnetic pulse (HEMP).

What is the Lion Energy redoubt?

Based around the Sanctuary Energy Storage System by Lion Energy, our Redoubt takes energy storage a step further by including advanced EMP and lightning protection. Backed by an industry leading 25 year warranty, the Grid Down Redoubt is on average 20%+ more affordable than most other comparable energy storage systems.

What is the difference between grid tied and off-grid?

Off-Grid is when you are getting power from an alternate energy source like solar panels, generator, wind power, or hydro power. This alternate energy source can be used to charge the Redoubt energy storage system and power your home directly. Grid-Tied is when you are getting power directly from the power grid.

Select a Grid Down Redoubt Battery Capacity . Redoubt 13.5 kWh. Redoubt 27 kWh. Redoubt 40.5 kWh. Redoubt 54 kWh. Redoubt 81 kWh. Redoubt 81 kWh Plus. Add Your Own Wattage (You can add the total wattage of your home or wattage per device. To Make sure All data is updated within the calculator, update both numbers even if you only need to update ...
