

Jackery solar generator 240 240wh backup lithium battery

What kind of battery does the Jackery explorer 240 portable power station have?

Jackery Explorer 240 Portable Power Station has a 240Wh lithium-ion battery pack. The multifunctional outputs, including 1 *AC outlet, 1 *DC car port, and 2 *USB-A ports, with a pure sine wave inverter, helps you power many types of devices simultaneously. Note: This is a calculation for reference. Please take the actual use for accuracy.

How much power does a Jackery 240 have?

The portable power station is equipped with a 240 watt-hour lithium-ion battery pack and two USB outlets, one 12V car outlet, one 200W AC outlet, and one DC input for charging the Jackery 240 itself.

Can You charge a Jackery 240 with solar panels?

As long as the solar panel set has an unobstructed view to sunlight, I simply plug them in to the Jackery 240's charging port and allow the solar panels to charge up the Jackery. Not only that, but charging the power station with solar panels actually makes for a more efficient charge than using a wall outlet or car outlet.

How long does a Jackery explorer 240 take to charge?

Professional MPPT technology provides faster solar recharge rates, the Jackery Explorer 240 Portable Power Station can be charged within 5 hours with a SolarSaga 100W solar panel. You can also power the portable solar solution with a wall outlet, generator, and car outlet.

How long does a Jackery 240 Battery last?

Your battery is still very much useable after 2-3 years, it just won't have the same charging power. How many amp hours does a Jackery 240 have? The Jackery 240 has 16.8Ah (Amp hours), at 240W and 14.4V.

What can you charge with a Jackery 240?

With the Jackery Explorer 240, you can charge devices such as cellphones, smart watches, camera batteries, laptops, tablets, electric blankets, drones, (60W) TVs, fans or camp lights. However, don't rely on it for more heavy power-draw items such as a cpap machine, mini fridge, portable air compressor or portable vacuum.
