Hi all, I have a stock engine DRZ400SM with the decompression system removed from the cams. I also have the larger battery holder for the YTZ10S battery. The Yuasa YTZ10S at 190 amps doesn't quite have the amps to reliably start the engine without the decompression but the Lithium batteries are about 300 amps. Can anybody recommend a long lasting lithium ...

La batterie Lithium-ion de BS Battery apporte une puissance accrue, un très long maintien de la charge au repos, des milliers de recharges en gardant plus de 80% de sa capacité; et un poids plume appréciable des sportifs et amateurs de performances.
