

Microtek solar inverter 3kva price

What is Microtek solar inverter Msun 3kva with MPPT Charger?

A high-performing inverter can ensure uninterrupted power supply and maximum use of solar power. Microtek solar Inverter MSUN 3KVA With MPPT Charger offers a powerful solution for power generation from Sun energy. The in-built MPPT Charge controller converts solar power into battery charging and running loads.

What is a Microtek solar inverter?

It converts 12V or 24V DC power from a solar panel into 220V or 110V AC power, making it the only choice for powering appliances, electronics, and more. If you are looking for a quality solar inverter that is also affordable, then the Microtek solar inverter is the perfect choice for you.

Who makes Microtek Inverters?

Founded in 1986, Microtek makes a wide range of alternative power system products: inverters, hybrid inverters, solar inverters, solar panels, cables, batteries, battery monitors, inverter management suites and stabilizers. Microtek is a very popular and well-trusted inverter brand in Lagos markets. Microtek inverters are pure sine wave inverters.

What is Microtek 3 kW solar unit?

Product Summary: Microtek 3 KW Solar Unit is a powerful hybrid rooftop solution for power generation from sun energy. It has in-built MPPT Charge controller which converts maximum solar power into battery charging and running loads. It comes with the Mobile app, MCB Protection and complies IEC Standards.

How does a Microtek hybrid inverter work?

Microtek hybrid inverters work in both off-grid and on-grid modes. You can use solar power with battery backup and seamlessly switch to the grid when needed. Microtek offers solar inverters with 12V, 24V, and 48V DC input voltage range. This allows using an appropriate inverter based on the solar panel and battery system design:

Are Microtek Inverters compatible with batteries?

Microtek inverters are compatible with all types of batteries, solar panels and charge controllers. They also have cooling fans that help regulate the temperature of the inverter to prevent overheating. Microtek inverters are built to protect the batteries that use them from deep discharge. Read about deep discharge here.
