Electric furnaces: equipped with state-of-the-art motors, our variable speed electric furnaces offer high performance, silence, and comfort. Because they start slow and speed up progressively, these heating units make it possible for dust and allergens to get caught in the filters rather than being spread around the house.

We're North America's #1 dealer in Electric thermal storage, or ETS units. ETS is an electric home heating device that can help lower your heating costs by storing heat when electricity costs less, and then releasing the heat during the day. Nova Scotia Power's time-of-day (TOD) rates are what makes an ETS cost-efficient. During off-peak times--overnight, on weekends, and ...
