We're excited to announce that the 9th annual Energy Storage Canada Conference will take place October 8-9, 2024 - this year at a larger venue! We look forward to welcoming an increased attendance and to connecting with energy stakeholders from across the country. Energy storage technologies cover an expansive range of types and durations.

The second day of the conference included visits to site demonstrations at NELHA, the inauguration of a grid scale battery, and a regulatory and policy workshop. The site visits included NELHA's energy storage test bed, its ocean thermal energy conversion (OTEC) facility, a CSP/desalination project and the H2 generation and distribution facility.

The Energy Storage Global Conference (ESGC) is back! The conference's fifth edition will be held on 11 - 13 October 2022 and is organised by EASE - The European Association for Storage of Energy, with the support of the European Commission's Joint Research Centre, as a 100% hybrid event at Hotel Le Plaza in Brussels, as well as online.
