

Photovoltaic suppliers in mauritius

Are solar panels a good investment in Mauritius?

Tax Incentives: In Mauritius MRA offers tax credits to encourage the adoption of solar energy. These incentives can help reduce the upfront cost of installing solar panels, making them more financially attractive.

Low Maintenance: Solar panels are relatively low maintenance.

Who is Solar Center Mauritius?

SOLAR CENTER MAURITIUS is the only expert in photovoltaic solar energy in Mauritius for over 15 years.) We are more specialized in rooftop solar installations: houses, offices, commercial buildings, agricultural buildings, warehouses, ... All our design office engineers and site managers have been trained in France with the QUALI PV distinction.

How many photovoltaic farms are there in Mauritius?

We currently own and operate 10 photovoltaic (PV) farms across the island, set on the rooftops of hotels, offices and commercial buildings. Our production capacity stands at 4.1 MW, secured under the first Medium Scale Distributed Generation (MSDG) Scheme of Mauritius as executed by the Central Electricity Board.

Who is gosolar & what is it doing in Mauritius?

With over 2 MW of solar commercial rooftops projects in the pipeline, GOSOLAR is emerging as one of the active players in the renewable energy sector in Mauritius. GOSOLAR has already commissioned numerous residential PV systems under the SSDG scheme, 160+kW systems under the MSDG scheme and off grid systems.

What can I do with my electric car in Mauritius?

Your electric or hybrid car can also act as an additional battery storage. Sell your electricity: CEB Mauritius offers programs that allow you to feed excess solar energy back into the grid, earning you compensation for your contribution to the overall energy supply.

Can gosolar offer off-grid PV solutions?

GOSOLAR can also offer off-grid PV solutions. The Central Electricity Board (CEB), in collaboration with the Ministry of Energy and Public Utilities, opened up the access to the national electricity grid to commercial businesses through the launching the MSDG (Medium Scale Distributed Generation) Net Metering Scheme.
