EGO Power+ PAD1500 Nexus Escape 150W Power Inverter Battery and Charger Not Included Introducing the Nexus Escape. Power when you want it, power when you need it. Built tough with a 120-Volt AC power outlet to power anything from a tablet while out and about, your lamps in the house, even your TV in a power outage. Compatible with all EGO ...

Solar charging is also a big pain. For one, the Ego Nexus doesn't come with a solar charger and you can't use a standard MC4 solar charging cable. You have to buy a special solar charging adapter to charge the Nexus with solar. The adapter accepts only up to 180W of power and the 12-22V input range is very limited.

The EGO POWER+ Nexus Escape 180W Inverter with pure sine wave delivers high-quality, clean power to sensitive electronics. It delivers 180 watts of continuous power via its standard 120V power outlet and has a 100W USB-C PD port for powering devices.
