

# Powur solar company reviews

Is powur a good company?

Powur have lack of professionalism,worst customer service and when I tried to call their customer service,I couldn't reach and department to speak to anyone. Please be aware of this company and don't do any business with them. I would rate them zero stars.

Does powur solar have a good customer service experience?

Powur reviews have highlighted areas where the company could enhance its customer service experience, and there have been complaints related to project delays, communication issues, and subcontractor challenges. It is notable that Powur Solar has responded to each of these reviews individually in an attempt to resolve the issues described.

Does powur install solar panels?

Headquartered in Del Mar,California,the company is licensed to install solar panels in 22 states and Puerto Rico. Powur has a simple approach to solar and will first analyze your utility bill to design a custom savings plan for your home and then schedule a consultation with you to discuss your best money saving options.

Is powur a good solar system?

Powur provides and industry leading 30yr warranty coverage,which makes it one of the best long term solutionsfor anyone considering solar for their home. Also,they have created communication checkpoints throughout the entire process that you will receive via email and also through their "My Powur" project app,which you can download for free.

Does powur energy offer a solar lease?

Powur Energy strives to make solar affordable and accessible for everyone,which is why it accepts cash purchases,solar loans and lease options for solar. We almost never recommend solar leases to any solar customer,but having the option available means more customers will be able to access solar,which can be viewed as a positive.

Does powur energy offer a warranty?

Unfortunately,Powur Energy is not up-front about the warranty options it offers. There is no mention of the equipment the company uses -- although most panels have a 25-year warranty for damage and energy generation -- or the warranty offered to cover the labor.
