What is qatarenergy corporate governance?

QatarEnergy aligns its system of corporate governance with these values and the principles outlined in its CoC, as well as the relevant laws and regulations in which we operate. The QatarEnergy governance framework guides the Board of Directors and management in oversight of the organization.

How does qatarenergy protect contractors?

Contractors are protected by an enhanced Contractor Safety Management system, and all receive the same level of safety training as our own staff. With a dedicated Steering Committee, our 'Ensure Protection' programme is a key component of all QatarEnergy LNG management systems.

What is qatarenergy's sustainability strategy?

The Sustainability Strategy also reaffirms QatarEnergy's commitment to meeting the social challenges in an increasingly competitive and complex energy landscape while achieving a world-class safety culture that ensures a secure, safe, and healthy environment for all people and communities in which QatarEnergy operates. (QNA)

How does qatarenergy regulate upstream activities?

Legislation establishes the licensing system governing all upstream activities arising out of resources and facilities subject to the State of Qatar Jurisdiction, and QatarEnergy shall authorize any physical or legal person to conduct petroleum operations in accordance with the legal regulations regulating QatarEnergy.

Does qatarenergy LNG have a sustainability policy?

As shown on the previous page, sustainability is embedded within the company mission, and sustainability spans all six pillars of the QatarEnergy LNG Strategy Plan. Our Code of Ethical Conduct further enshrines a commitment to responsible business.

How is qatarenergy regulated?

QatarEnergy's obligation with respect to the fiscal payments are regulated as per the Decree Law(10) of 1974 (and its amendments). The prescribed tax laws and fees apply to QatarEnergy and its affiliates, unless exempted under decisions issued by the Council.

QatarEnergy (Arabic: قطر البترول), formerly Qatar Petroleum (QP), [1] is a state owned petroleum company of Qatar. The company operates all oil and gas activities in Qatar, including exploration, production, refining, transport, and storage. The President & CEO is Saad Sherida al-Kaabi, Minister of State for Energy Affairs. The company's operations are directly linked with state ...
