The unique entity identifier used in SAM.gov has changed. On April 4, 2022, the unique entity identifier used across the federal government changed from the DUNS Number to the Unique Entity ID (generated by SAM.gov). The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov.

If you are an impacted community, you can contact OCED at oced@hq.doe.gov. Additionally, the Department of Energy and Federal government have community-centered technical assistance programs that can help impacted communities understand their projects and energy technologies and how to navigate the project lifecycle.

On April 4, 2022, the unique entity identifier used across the federal government changed from the DUNS Number to the Unique Entity ID (generated by SAM.gov). The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov. As part of this transition, the DUNS Number has been removed from SAM.gov.

Questions regarding the RFP were due March 29, 2024. As of April 19, 2024, DEEP has responded to all questions received; the questions and answers can be viewed here. Bids for the energy storage RFP are now due May 9, 2024.

Office: Office of Clean Energy Demonstrations Solicitation Number: DE-FOA-0003399 Access the Solicitation: OCED eXCHANGE FOA Amount: up to \$100 million Background Information. On September 5, 2024, the U.S. Department of Energy's (DOE) Office of Clean Energy Demonstrations (OCED) opened applications for up to \$100 million in federal funding ...

WASHINGTON, D.C. -- The U.S. Department of Energy (DOE) today issued a request for proposals (RFP) for deconversion services to help establish a reliable domestic supply of fuels for advanced reactors using high-assay low-enriched uranium (HALEU) -- a crucial material needed to develop and deploy advanced reactors in the United States.. DOE plans to ...

The battery storage model is available with the following performance models: Detailed PV-Battery integrates battery storage with the Detailed Photovoltaic model. Generic System-Battery integrated battery storage with the Generic System model. SAM can model behind-the-meter and front-of-meter storage applications, determined by the financial model:

Now that you"ve registered your business, where can you go to find available RFPs? The System for Award Management database, known as SAM.gov is your hub for finding government contracts. However, SAM.gov doesn"t send out updates when new opportunites are available (this is where we"d link to our marketing/portal blog or page). 4.
