How much does solar cost in Irvine?

The average price per watt of solar power in Irvine,CA is \$2.33/W. These prices are before incentives. After the federal solar tax credit,the final cost will drop by 30%,down to \$12,369 for a 7.57 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

What is a good APR for a solar loan in Irvine?

Recent interest rate hikes have bumped solar loan APRs above 5.99%, but we have seen some providers offer as low as 30-year, 3.99% loans. Getting quotes from different installers is essential to getting the best rates possible in Irvine.

Are solar incentives a good idea in Irvine?

Solar incentives and rebates can cut the cost of installing solar in Irvine by thousands of dollars. The most significant incentive is the 30% federal solar tax credit,available to any taxpayer in the country when they purchase solar panels or battery storage.

Who is Coachella Valley Solar?

Coachella Valley Solar Inc. delivered a flawless solar panel installation. The team's professionalism, efficiency, and attention to detail were outstanding. Highly recommended! OC Solar Installation specializes in offering premium quality products and high quality solar installation.

Is OC solar a good company?

The installation was smooth with one minor hick up, but it was resolved quickly. City inspection and fire inspection passed with no issue. The entire OC solar team is excellent as I had interactions with many of them. If you are thinking about Solar, talk to Dan of OC Solar first."
