

# Solar company polk county

How do I find a reputable solar installer in Polk County?

Make sure your solar installer provides a consultative, professional solar experience, and if you're also purchasing a solar battery system, they have proven experience with those products too. By doing the legwork for you, EnergySage makes it easy to find reputable solar installation companies in Polk County, FL.

Why are solar panels coming to Polk County?

Solar panels are being added to Polk County's administration, River Place offices and North Side Community Center buildings. Why it matters: The system will generate enough energy to power the equivalent of more than 300 homes and kick off what could become a massive collection of government-owned electricity fields.

Where is TECO Energy building a solar farm in Polk County?

TECO Energy is building a new solar farm on 600 acres in Polk County that will reportedly generate enough electricity from to power thousands of homes. The utility-scale solar power plant is located in portions of Dundee and Lake Wales between US 27 and Scenic Highway and along Waverly Road.

Are solar panels tax deductible?

However, you do not own the solar panels when you enter a lease or PPA, so you can't take direct advantage of incentives like the federal tax credit. Third-party-owned systems still lower your electricity bill, but your total solar savings will be lower because you must pay the solar company monthly.

Does a solar installation company offer a warranty?

Any reputable solar installation company will offer a workmanship or labor warranty that covers any damages that may occur during the installation process. We recommend using an installer with at least a ten-year labor warranty. Some installation companies, like SunPower, include a system performance guarantee.

Who is the best rooftop solar expert in America?

Learn more about the SolarReviews Expert Rating system. Andy is arguably the most qualified rooftop solar expert in America. He is in a unique position, having founded a large solar company but now being independent of any particular company.
