How do I choose a Portland solar company?

Seek out Portland solar companies with at least 3.5 out of 5 stars on Google Reviews and similar customer review platforms. The company should also have a good rating on Better Business Bureau (BBB). Read through reviews to get insight into other homeowners' experiences with a company, and watch for consistent bad reviews.

Is Portland a good place to install solar power?

Portland is one of the best places for solar power. With a solar-friendly climate, a strong commitment to sustainability and solar incentives for installing solar energy systems, Portland has become an ideal place for solar panel owners.

How much does a 6 kW solar system cost in Portland?

A 6 kW solar system will cost about \$15,000 in Portland before incentives. After the 30% federal solar tax credit, this drops to \$10,500, or about \$1.75 per watt. The total cost of a solar system will vary depending on the company you choose, the size of the system, the equipment installed, and how you finance it.

Do I need a solar battery in Portland?

No, you don't need to install a solar battery in Portland. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.
