

BB Energy (BBE), one of the world's leading independent energy trading companies, has acquired Solarcentury Africa (SCA). The historical presence of BB Energy in Africa and large network of consumers in the continent make it the perfect match with SCA, an integrated solar power developer offering development, construction, operation and ...

Statkraft, Europe's largest renewable energy producer also becomes a leading developer in the European solar market, as the company welcomes the Solarcentury team into the business. On World Sun Day, it is announced that Solarcentury has officially joined Statkraft, as the company will cease trading under the name Solarcentury.

The company offers a range of solar energy solutions for residential, commercial, and industrial customers. These solutions include rooftop solar panels, ground-mounted solar farms, and solar carports. Solarcentury also provides energy storage solutions, which allow customers to store excess energy generated by their solar panels for later use.

London, UK / Windhoek, Namibia - Solarcentury Africa Limited (Solarcentury Africa) and their local partners, Sino Energy (Pty) Limited (Sino Energy) are pleased to announce that they have reached financial close on a groundbreaking 20 MWp solar PV plant, located in Namibia.
