Solar mesh panels

PROTECT YOUR SOLAR PANELS ... Bird Barrier's Solar Panel Protection wire mesh screen is a premium squirrel, raccoon, and bird deterrent. MULTI USE BIRD CONTROL ... Our 19 gauge 1/8" wire mesh is strong yet flexible. The product comes in various sizes for both Solar Panel Protection and bird control wherever a physical barrier is required.

The Solar Mesh Guard Kit is designed to keep pest birds and rodents from getting under solar panels and damaging the roof and electrical wiring. This system securely protects panels by creating a physical barrier that excludes pests from solar panel mounting areas.

Bird proofing solutions for solar panels are built to last, often for around 10 years or longer. However, it depends on the type of bird proofing you choose - for instance, bird spikes are typically a lot more resilient and durable than bird mesh, and can last longer than 15 years - sometimes as long as the solar panel system itself (i.e. 25 years or more).

Solar Panel Mesh Kits is an excellent way to protect your panels from potential damage from wildlife. Rodents, Birds, or just any debris can easily get under the panels and cause damage. Pestrol offers PVC coated wire mesh, which can easily be ...
