There are tons of solar panels out there, from small, lightweight portable models to large-capacity options for van life and beyond. Each year, more and more companies pop up online, and it can be hard to separate the good products from ones that are simply okay. Nowadays, portable solar charging kits are by and large very affordable and are ...

Solar Chargers: Smaller panels that can directly charge electronic devices (like smartphones) via a USB cord; Solar Power Banks: Units that combine the solar panel and power bank elements; How I Tested the Best ...

The A Addtop Solar Charger Power Bank is different, though, since the top is connected to what looks like a faux-leather phone case, which unfolds into three additional compact solar panels. You'll still struggle to get the 25,000mAh power bank recharged by solar power alone, however. Left to charge the length of a sunny March day, the ...

Solar panels and chargers

The Gallagher 0.3 Joule S30 Lithium Solar Electric Fence Charger is a compact, portable, fast charging and long-lasting solar fence energizer that's designed to put more power in your hands.
