Solar power charger for ring doorbell

panel provides a stable charging experience to your ring doorbell even in low-light conditions; Continuous charging - it prolongs the ...

Such a stupidly simple hack. I just wired my solar panel up to power lines on the doorbell. It doesn't matter what the polarity is; it just works. The solar panels put out about 18V, and the doorbell circuit usually put out around 20V. Its been a few days and the doorbell is running on the battery overnight and charging back to 100% every day.
