Limited Company Income Tax. A limited company's income tax is much different: Corporation tax - Limited companies must pay a flat rate of corporation tax on their profits. That rate is currently 19% for companies paying £50,000 or less. This means for every £100 a company would earn, they'd have to pay £19 in corporation tax.

A small profit rate is in place for companies with profits of £50,000 or less. A system of taper relief is in place for companies whose profits fall between these thresholds - find out how much you'd pay using the government calculator.
