Navigate to your Reveal app and login using your Reveal account credentials. Click . 2 From the camera page click the (+) in the 3 bottom right

How do I know if my solar panel has a 'trickle charge'?

Once you have the camera out, you will notice a 'trickle charge' as long as the solar panel is in direct sunlight. If your battery report doesn't come back up to 100%, do not be alarmed. The best practice is to place the solar panel facing south, and the camera facing north.

How do you charge a reveal solar panel?

This solar panel features an integrated lithium battery and can be charged by sunlight or by using the charging cable. This solar panel has 73% more capacity than the previous REVEAL solar panel and features an all-new integrated mounting bracket making it easier than ever to set up.
