

Tonopah solar energy

Where is Tonopah Solar Energy located?

The project, proposed by SolarReserve's Tonopah Solar Energy, LLC of Santa Monica, California, is sited on approximately 2,250 acres administered by the Bureau of Land Management (BLM) about 13 miles northwest of Tonopah in Nye County, Nevada.

Where can I find solar power in Nevada?

Want to Visit? The Crescent Dunes Solar Plant, some 15 miles north of Tonopah, Nevada, is a solar thermal plant, which generates electricity by boiling water to drive a turbine. Solar power has a lot of promise, but a fundamental challenge: it works only when the sun is shining.

Did NV Energy shut down a \$1 billion solar power plant?

A \$1 billion solar power plant is operating again in the Nevada desert after it went into bankruptcy and shut down in April 2019. The Crescent Dunes Solar Energy Project began producing electricity for NV Energy in July with little fanfare after failing to turn a profit in its first four years of operation.

How much does solar power cost NV Energy?

The power generated also cost NV Energy about \$135 per megawatt-hour, compared with less than \$30 per MWh available from a new Nevada photovoltaic solar farm. But to compare fairly, it must be taken into account that the Tonopah solar project power is dispatchable whilst photovoltaic power is intermittent.

What happened to a \$1 billion solar power plant in Las Vegas?

Las Vegas driver accused in deadly wrong-way DUI ... A \$1 billion solar power plant is operating again in the Nevada desert after it went into bankruptcy and shut down in April 2019.

What happened to SolarReserve?

Since the initial failure of the Crescent Dunes project, SolarReserve took down their website and is believed to have permanently ceased operations. Upon the developer's silence as the involved parties sought legal recourse, the plant's exact status was publicly unknown for some time and was left to conjecture.

The project, proposed by SolarReserve's Tonopah Solar Energy, LLC of Santa Monica, California, is sited on approximately 2,250 acres administered by the Bureau of Land Management (BLM) about 13 miles northwest of Tonopah in Nye County, Nevada.
