Why did CentrePort bring geared container ships to Wellington?

CentrePort brought geared container ships to Wellington from early 2017, drawing on the strength of existing customer relationships. This allowed for container movement in the region despite the non-operational ship-to-shore cranes, ensuring sustainability in the regeneration process.

Will CentrePort be able to integrate inner-harbour connectivity with Wellington City?

This would not prevent CentrePort from proceeding with inner-harbour connectivity works to better integrate the port with Wellington city, however there would be less room for new builds on the existing land, which would continue to be used for port operations.

How many hectares of Wellington waterfront property does CentrePort own?

When the new port company was formed, it owned approximately 72 hectares (180 acres) of Wellington waterfront property including wharves. The remainder of the Wellington waterfront area from Shed 21 to Clyde Quay Wharf, including all the buildings, was transferred to Wellington City Council. CentrePort is local government-owned.
