

Whole house generac generator

What is a Generac whole-house generator?

Generac whole-house generators are a popular choice. They are permanently installed outside your home and automatically turn on when the power goes out. This ensures that you always have power for your essential appliances, such as your furnace, refrigerator, and sump pump.

Where can I buy a Generac home standby generator?

All backed by 24/7/365 customer support and a nationwide dealer network of more than 5,000 strong, the best in the market. Shop Generac Guardian 14000-Watt Dual Fuel (Liquid Propane/Natural Gas) 200-Amp Home Standby Generator (Automatic Transfer Switch) in the Home Standby Generators department at Lowe's.com.

Why should you buy a Generac 22kW whole house generator?

Customers say the Generac 22kW whole house generator offers exceptional reliability and peace of mind during power outages. Users appreciate its automatic start feature, seamless transition to generator power, and the convenience of Wi-Fi monitoring.

How much propane does a Generac home standby generator need?

Propane tanks that supply fuel to a Generac home standby generator must be at least 250 gallons. However, every home is different, and so is every installation.

What is a Generac portable generator?

Generac portable generators are a great option for camping, tailgating, or job sites. They are lightweight and easy to transport, and they can provide power for a variety of devices. Generac solar generators use the sun's energy to power your home or appliances, even when the power goes out.

What's the top-selling product within Generac house generators?

The top-selling product within Generac House Generators is the Generac Guardian 22,000-Watt (LP)/19,500-Watt (NG) Air-Cooled Whole House Generator with Wi-Fi and 200-Amp Transfer Switch.
